ABOUT IEM GROUP

The Institute of Engineering & Management Group, a legend in the field of Technical Education in India, has established IEM Public School with a vision to nurturing children from Playgroup to Post-Graduate level using digital technology which will benefit them in a truly global dimension.

The IEM Group was established by the visionary Prof. Dr. Satyajit Chakrabarti who believes that education works best when teaching excellence combines with discipline and high moral values.

The Group has also established the University of Engineering & Management, Jaipur (UEM) and the University of Engineering & Management, Kolkata offering higher education courses in Engineering, Management, Medicine, Law, Science and Arts.

We visualise a school where children are offered a combination of a supportive environment, modern teaching methodology and parental care.

The IEM Group after establishing its own benchmark in Technical Education for others to follow, is embarking upon School Education with a mission to setting new standards in moulding the future generations of India. With its deep-rooted research in teaching methods and the adoption of a state-of-the-art curriculum, IEM Public School will endeavour to give a new direction to future citizens. Our children need the environment to do self-learning through guidance. They will learn to adapt to life with all its changes and opportunities.

The IEM Group, with a highly competent faculty and a specialized team of professionals from academia, industry and cultural fields, works tirelessly for the betterment of society at large.

The School is dedicated to young minds, expecting them to enrich themselves with knowledge, character and power. India will be looking up to today's young generation on the path to becoming a super power in the near future.

Prof. (Dr.) Satyajit Chakrabarti
President, IEM Group

Our Vision, Mission & Objectives

Vision

To be a School of excellence and a modern temple of education, where children are prepared to lead a life full of health, happiness and knowledge. Children, teachers and parents will form a team and work together to prepare the future generations of India with friendliness and community feeling.

Mission

To be one of the best schools in India from where students pass out as good citizens with human values, ethics and moral principles.

Objectives

- ✓ As we are a functioning school, IEMPS offers education which helps the overall mental, physical and intellectual growth of every child.
- ✓ Learning through observation and practical application of every teaching aid.
- ✓ The School cultivates thinking through activities.
- ✓ The School transforms every child into a balanced human being with equal exposure to culture, sporting activities, intellectual work, modern art, science and societal feelings.
- ✓ The School identifies inborn talent in every child.
- ✓ The School inculcates a high standard of health and hygiene from a very early age.
- ✓ The School makes every child self-reliant through a practical approach.
- ✓ The eco-friendly ambience at the School will bring every child close to nature.
- ✓ The School will make every child feel at home through child-friendly facilities.
- ✓ "No Compromise" Security arrangements through proper training of support staff. Regular sanitization undertaken, sanitizer gate installed.

Independence Day Celebration

Learning with Montessori Apparatus

Admission :

The Prospectus and application form for admission will be available from the school admission office.

Documents Required :

- ✦ Birth certificate of the child.
- ✦ Transfer certificate for admission to class II and above.
- ✦ Residential proof of the parents.
- ✦ Immunization schedule.

Teachers & Support Staff:

The School has a well-trained and qualified team of Teachers assisted by a team of experienced support staff.

Parent Support

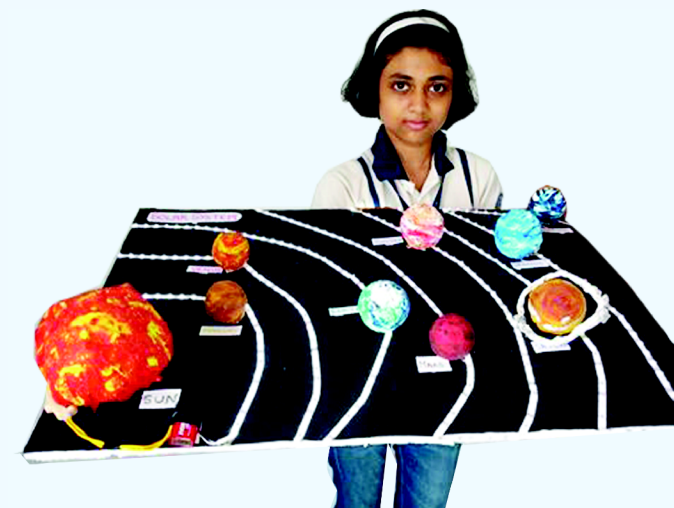

IEMPS recognizes that the growth and development of a child cannot occur in isolation or only through the support of teachers and the school. Parents must also play a critical role in providing the right environment-both at home and in other social circles. Workshops are organised for parents to understand the behavioural pattern in children.

General Information

- ✦ Guardians may visit the Principal/Teachers with prior appointment.
- ✦ While the school will take care of the child in all respects during the school hours, parents should keep the School properly informed of any perennial/prevaling disease or health-related problems of the child, and the Special care/action to be taken in case of any unexpected event.
- ✦ Complaints/Grievances of any nature may be conveyed to the school office in writing.
- ✦ IEMPS reserves the right to refuse any child without assigning any reason.
- ✦ In case of any emergency the School Authorities reserve the right to apply their discretion.

Cancellation and Withdrawal of Admission :-

No refund will be applicable if the child is withdrawn or fails to join the classes after taking admission. All decisions of the School Authorities in respect of Admission/ Cancellation/ Withdrawal will be final and binding on the parents.

A Project designed by an IEM Public School student

Transport

Bus facility available.

Attendance

A minimum of 75% attendance is compulsory for all students for the purpose of evaluation and promotion. No leave of absence will be granted unless the guardian applies in writing with supporting documents wherever applicable.

Evaluation of Studies

The School will follow a process of continuous evaluation. The evaluation or assessment will be done in such a way that the child does not feel any kind of pressure. The school will follow a "Grade System" in primary school on the basis of assessment and performance in scholastic and co-scholastic subjects.

School Uniform

The prescribed school uniform, accessories, books and stationery may be bought from the authorized vendors during admission or from the vendor's shop afterwards. The vendor's contact details can be obtained at the time of admission.
