## *From the Editor*

*From the very onset of this Academic Session 2021-22 we have all been faced with a very difficult period due to the pandemic. This pandemic situation has been difficult but has prepared us for an alternative method of internet-based teaching. We, at IEM Public School have embraced this method of online teaching and communication. Our school has been providing continuous guidance to the students from Session 2020-21 and our parents have been very supportive.*

*We are very happy to announce that we have approached our ICSE Board for affiliation to Class XI and Class XII. With this we shall complete our process of integration from playgroup to post graduation under IEM Group.*

*At IEM PUBLIC SCHOOL, we have introduced digital learning and a digital library. As the students are unable to attend school and do not have access to the library facility, we have upgraded our digital library. The students can access books of all genre from any location in these trying circumstances.*

*We have provided from the school a domain name under which each student is given a unique e-mail id for communication and attending online classes. We have undertaken online classes every day and conducted a number of activities in the last quarter. Our students have enthusiastically participated in all the activities. They include Poila Baisakh, Labour Day, Show and Tell Event International Yoga Day, Rabindra Jayanti and Environment Day, Handwriting Competition, Creative Writing World Music Day, Dance Day, Debate and Extempore, Independence Day.*

*Our students are our future torch-bearers of the nation. Together we can help them to take one steady step at a time.*

*Our Newsletter 2021 brings out the highlights of the last quarter as we sail through. We thank all the parents for their continued support and co-operation.*

*For Classes XI and XII, the school timings, subjects offered, class routine, enlisted teachers have been forwarded to the CISCE Board. With the recommendation from the Board, we hope to embark on our journey. We will be proud to announce that we are ready from Play group to post-graduation.*

*At Class XI and XII we shall offer all the three streams of learning, Humanities, Commerce and Science.*

*Science subjects shall include English, Hindi or Bengali, Physics, Chemistry, Mathematics with a choice in computer science/biology/economics.*

*Commerce stream shall include English, Hindi Bengali, Mathematics, Accountancy, Business Studies, Commerce, with a choice in Economics. Computer, Physical Education.*

*Humanities shall include English, Hindi or Bengali, History, Political Science, Sociology or Geography and Economics or Computer or Physical Education.*

*With our integration from Play group to Post Graduation, our students will grow with us on our onward journey, our motto is to nurture IEMPS little ones into young global citizens.*

# THANK YOU
